Story

Mission: to create unique offer to those customers, who value natural taste and seeks good effect.

Values: preservation of traditions and purity;

Environmental values: food products and items, proposed at the Synevyr-Eco platform are made of natural environmentally clean ingredients and components derived from nature of the Carpathia region, in close neighborhood to National Nature Park "Synevyr";

Community cohesion: the platform unites micro- and small family businesses, which produce traditional food and items, crafts and souvenir items.

The intended impacts were to create opportunities for local people to be self-employed and have a possibility to sell their products and not to leave the remoted mountainous area for job migration.
